【Initialization Tool Data Ver.13.01 for ZF1】

PH1 : S660 GT100R Package

PH2 : S660 GT100R Package

【Remarks】

(*1) This kit may be installable to CVT model: however, the transmission may be seriously damaged. Contact HKS sales representative for the data for CTV model if you still would like to install this kit to CVT model. HKS won't be responsible for any damage caused by installation of this kit to CVT model.

○The initialization tool Ver. 13.01 is only for 11004-AH001. Gasoline must be high octane gasoline. Do not use other grades.
