

INSTALLATION SUPPLEMENT

Dual Hi-Power Ti Exhaust

2006 350Z (Z33)

Part No: 32009-BN001

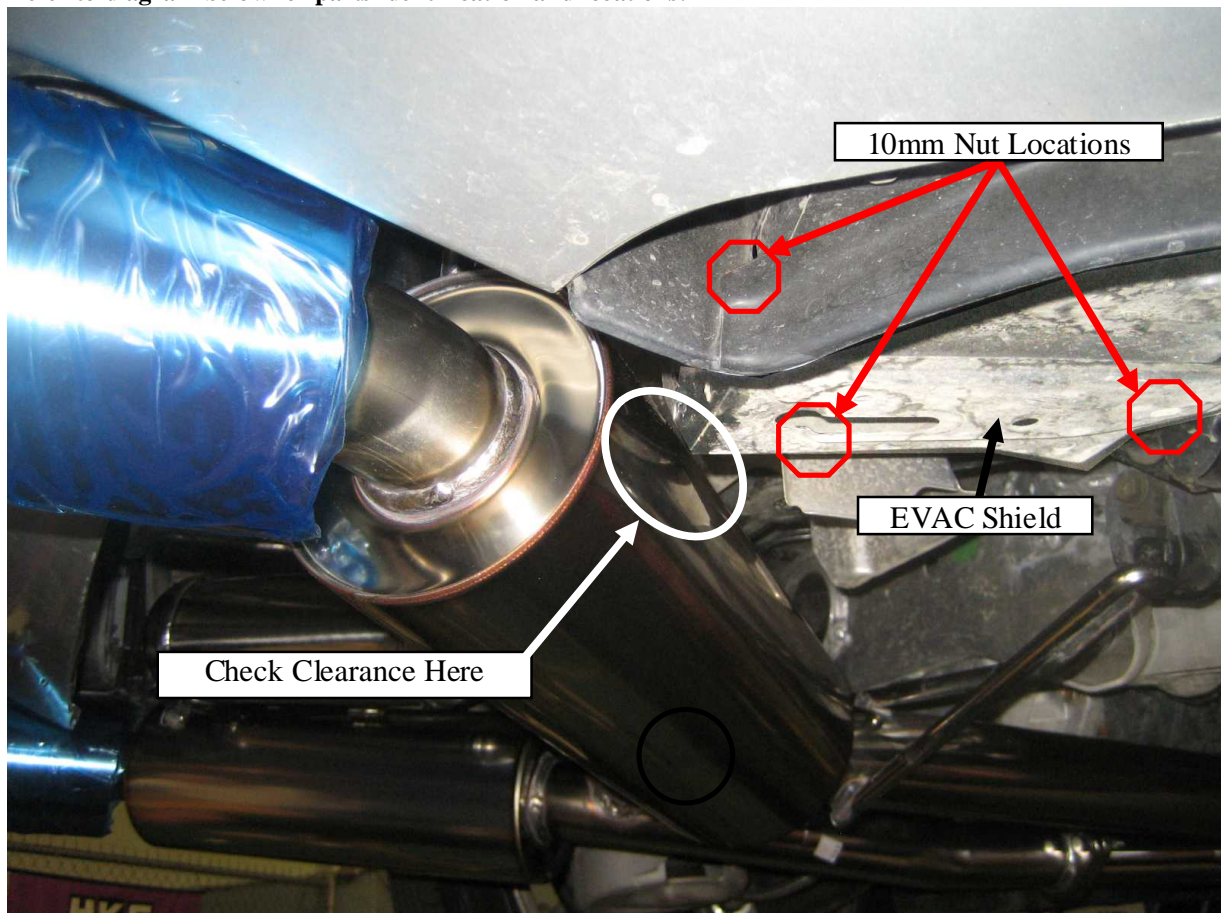

V111606

NOTICE

This manual assumes that you have and know how to use the tools and equipment necessary to safely perform service operations on your vehicle. This manual assumes that you are familiar with typical automotive systems and basic service and repair procedures. Do not attempt to carry out the operations shown in this manual unless these assumptions are correct. Always have access to a factory repair manual. To avoid injury, follow the safety precautions contained in the factory repair manual.

On 2006 models, it may be necessary to slightly modify or remove the factory EVAC shield. This would allow for greater right side muffler clearance. Removing the EVAC shield requires the removal of 3 x 10mm nuts.

Refer to diagram below for parts identification and locations:
